(Bottom

Top)

<p>BALL & SOCKET</p> 	<p>Used as Hole Punch Tool only Tooling features a ball with tapered cutting seat Specializes in cutting through tough materials like nylon</p>
<p>BODKIN POINT</p> 	<p>Has 3 sharp cutting edges Also known as Spear Point Can Score or Roll Set Operator forces material down over point Woven fabrics, Plastics & Rubber like materials</p>
<p>CUT & SET</p> 	<p>Used in Hand Feed or Double Revolution Machine, first revolution cuts material Second Revolution sets eyelet/grommet Best for Stiff Materials: lightweight cardboard, Plastic or Rubber & metals</p>
<p>LOCATING POINT</p> 	<p>Used in material that already has a hole Can Roll or Score & set a Washer Can set into a variety of materials: Cloth, Pre-drilled paper, Plastic, Metal, cardboard & more</p>
<p>PIERCE POINT</p> 	<p>Used in loosely woven fabrics for strongest setting Very Sharp Point Can Score or Roll Set & set a washer Operator forces material down over point to make setting, separating fabric instead of creating a hole.</p>

- * We can make tooling for any machine
- * Custom Dies made in 48 hours
- * We carry a huge stock of 3/8" Dies
- * Many Stimpson Dies in Stock

	<p>Roll Setting</p>	<p>Rolls over Smooth like a doughnut. Most Eyelets naturally roll over</p>
	<p>Scored Setting</p>	<p>Breaks open like a flower for extra strength. A Bottom die can be modified to score most any eyelet.</p>
